## 3. MAHLE Eco Rally

AMD Gorica became a pioneer in Slovenia combining classic automotive racing events and modern automotive competitions for vehicles with alternative propulsion sources. For the third year in a row we will prepare the so-called Eco Rally, which is aimed at presenting technologies and future vehicles. These are electric cars or hybrid drive. It's serious competition, which she took under her umbrella as well International Automobile Association FIA. Nova Gorica The event will be part of the FIA E-rally Regularity Cup for the first time this year, which gives us an important weight and international reputation.

424 km

Total length of rally

152 km

Length of regularity legs

12

Regularity legs

1,5

Rally coefficient
